# HOLIDAY ADVICE FOR THE SIGNS OF THE ZODIAC

---

Advice with a wink 😏 from the Instagram account of The Hermetic Cosmos | School of Astrology.\* Happy holidays!

**ARIES:** Go to a place where you can be active. Think: trekking, rafting, mountain biking and other sports where you can fall or hurt yourself badly. Have a blast!

**TAURUS:** Book an all-inclusive in a nice, familiar place where you have been five times already. Prepare the towel on the beach chair, choose a good book to read, and don't move a muscle for three weeks.

**GEMINI:** Don't commit to anything, wait to book until you leave. In other words, don't book, just leave, to wherever you feel like going that day. You'll see where you end up. Live from day to day.

**CANCER:** Book early, because with a bit of bad luck, your favourite venue is fully booked, the price has gone up or your favourite spot is no longer available. Certainty before anything else, because a lot can go wrong. Staying at home is also an option.

**LEO:** When the sun is high in the sky and there's a lovely cool glass of white wine waiting (can also be rosé or prosecco), you've arrived at your favourite spot. Oh yes, don't forget to bring along one or more admirers.

**VIRGO:** Preferably bring your own cottage (caravan, motorhome, tent), because then you can be sure to stay in a clean environment and you can make your own food, just the way you like it. Ever thought of volunteering at an animal shelter? Combining the useful with the pleasant.

LIBRA: Book a fun, educational group trip with people with whom you can also talk a bit. Think: country trip, language course or art treasures of Italy. Choose a nice, harmonious destination where you can also eat well. As long as it has quality!

SCORPIO: Treat yourself to a good experience. This can be a destination you feel a deep connection with, or a place where you can make a deep connection with yourself. Yoga, tantra or holistic nose-picking: discover yourself!

SAGITTARIUS: Get as far away as you can. What you're thinking about now, but even further. Ever thought of Easter Island? Or Kiribati? Think: end of the world. If no plane lands, you've arrived at your destination. Enjoy your off the beaten track experience!

CAPRICORN: Ever thought about Lapland or Iceland? Places where you can experience a bit of cool and where you can also enjoy being by yourself. Not having to do anything for a while. How nice is that? Take off your clothes too. Just let things go.

AQUARIUS: No standard holidays for you, let alone a mass destination. You choose your highly individual route. Backpacking, check. Helping clean up a disaster zone? Check. Volunteer in a war zone? Check check check. Follow your ideal!

PISCES: Something with or near water is always good. On a desert island or in a crowd of people, as long as you can be absorbed in something. Remember: not too many stimuli and not too much activity. Just disappear into the environment and into yourself.
